

## Fear of the Light

As the daylight rays appear,  
we spirits shake with fear.

It's growing light – we're in full sight!  
The moon's about to topple.

I'm like *Eek!*  
Spectre's *Wo!*  
Ogre's *Aaahhh!*  
Ghoul's *Oh, no!*  
Elf's in a flap,  
Sprite's gone flat –  
we're a-whiz and I don't know what-all.

Vampire's – *Help, me mouth's gone dry!*  
Cyclops is – *Oo-ow! Me eye!*  
Spook looks frail,  
Ghost's gone pale,  
Genie's in a beeline back to her bottle.

Gremlin's groaning,  
Zombie's moaning,  
Witch on her broomstick's texting, phoning...  
We're all in a fizz, all in a tizz.  
Sun's coming up – got to skedaddle!

As more daylight rays appear,  
we disappear.
