

Take me as you find me

If I take my time, I'm careful

If I take a bath, I'm clean

If I take your knight, I'm cheeky

Next I'm going for your queen.

If I take a nap, I'm rested

If I take your picture, *smile!*

If I try to take advantage

You'll be angry for a while.

I can take turns to play fairly

Take your side to show I'm true

If I take your seat, you're bound

To take it out on me, aren't you?

Take my number, you can call me

Take my hand to stand in line

If you're going to get a take-away

Mine's pizza, every time.
