

Inventory: Time.

Category: Shark.

let's take

stock

from shark water

clocks

down their barrel

throats

ticking off

the passage

of time

by the gallon

of ancient saline

passing

through gills

moving while sleeping

'sharks are the balance keepers' : but who's counting on what device?

see we mate

unseen

unhumaned

no drone

knows where

tho our young

emerge

unscathed on time

into saltmarsh

mangroves making

crab graves
