

My Dog Arthur Beagle

My dog Arthur Beagle
sits at the window,
watching people going past,

What's up with Arthur Beagle?
I give him gourmet bones
and lamb chops,
he whines and whimpers
and returns to the window.

He's in love with Lily Beagle
I found out today in the park
when he wagged his tail at her
and refused to walk.

I will take Arthur
to the park more often
and let him play with Lily Beagle,
I will do photo shoots and videos.
Life will be as sweet as rose-petals
for me and Arthur Beagle.
